

FLOATING LIANA

Dining table Ref: FLOATING LIANA DTS / FLOATING LIANA DTM / FLOATING LIANA DTL

Nature and Innovation come together in this dining table as the naturally twisted Liana woods are floating in an extra clear lake of Resin and resting on a glass base. The straight shape of top and base provide the contemporary "invisible" background to have nature be the unique design element.

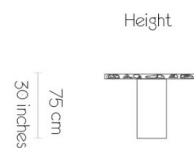

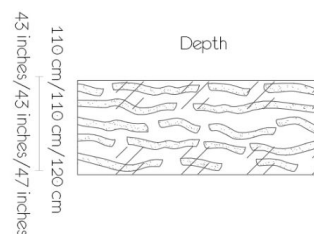

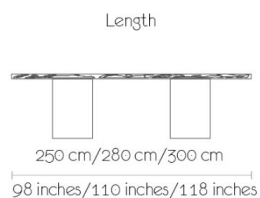

Designed by Architect Fernan Hernandez | *Hand-crafted in Italy.*

Wood: Natural, stained.

Acrylic: Extra clear/Clear/Transparent, Smokey, Bronze, Satin, Satin Bronze.

As shown | Wood: Natural Acrylic: Extra Clear
