

TAVOLATA

Dining table Ref: TAVOLATA DTXS / TAVOLATA DTS / TAVOLATA DTM / TAVOLATA DTL

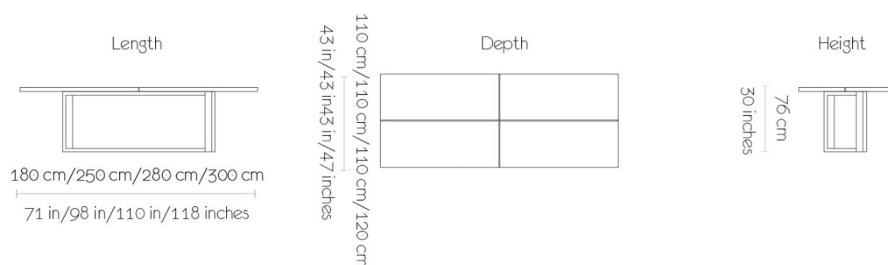

The appeal of the contemporary dining table TAVOLATA lies in its harmonious combination of warm wood with noble metal. The thin metal lines are seamlessly carved into the top to adorn the surface of the table which rests on a confident yet light metal base. The design of the base with its off-set pillars give a subtle architectural element that connects to the solid top to form a sophisticated "T" view. Also available with two bases depending upon length and style choice.
