

TRILOGY

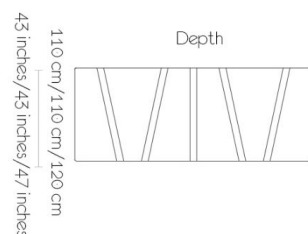

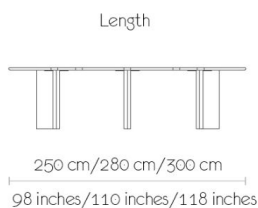

Dining table Ref: TRILOGY DTS / TRILOGY DTM / TRILOGY DTL

Metal and marble come together in a majestic fusion to create the TRILOGY dining table. The three angled metal legs follow the paths created by the metal bands on the top to accentuate the connectivity and create sculptural pillars. The fluent design runs like a thread through the entire table with the soft rounded edges of the top and the obround shape of the pillars.
